MEMORANDUM FOR THE RECORD

SUBJECT: OM 65-4, National Minorities in Eastern Europe

STATINTL

[REDACTED] (O/DD/I) called to ask whether the Geographic Memorandum on National Minorities in Eastern Europe had been thoroughly reviewed and not likely to contain any anomalies. He thought that Mr. Cline would personally want to send copies to the White House and the top and middle levels of the Department of State. I assured him that it had been so reviewed.
